Mr. Lima is an Illinois native, relocating to northwest Arkansas in 1999.

Mr. Lima's business venture came about when he & his wife Kristi, attempted to inventory their own home utilizing cheap software that did not have the features they felt were necessary to properly document their assets. Mr. Lima will share his solution to his situation, and also provide participants practical tips for preparing a home inventory.

Arkansas State Highway Department has in process. Mr. Trammel told Bella Vistans that without the passage of a half-cent state sales tax increase, it could be another 15 years before just two more miles of progress is completed on the Bella Vista Bypass. According to the non-profit group Move Arkansas Forward, this tax is to benefit state highways and city and county roads, rather than interstates as the previous tax passed in 2011, and connect all parts of the state.
