Introduction to Computer Information

Tulsa Community College Dental Hygiene Program selects fourteen (14) new students during the spring semester to begin in the fall semester of each year.

Dental Hygiene courses are in the day time only, on a full-time basis and will take a total of FOUR (4) semesters to complete.

See additional information online at <http://www.tulsacc.edu/>

Note: The deadline for application is March 1. Acceptance to Tulsa Community College does not guarantee admission to the Dental Hygiene program. After receiving the Associate of Applied Science degree from Tulsa Community College you will be eligible to take national and state licensing and certifying examinations. These exams must be passed before you will be allowed to practice. There are 91-98 total credit hours in the Associate of Applied Science degree in Dental Hygiene..
