

POSITION ANNOUNCEMENT

REQUISITION #: 999910

TITLE: Corporate Learning IT Instructor

Job Description:

NorthWest Arkansas Community College Corporate Learning Division is currently seeking instructors to teach postsecondary, career track, and continuing education information technology courses. Duties include teaching any information technology courses at any of several locations and on a varying schedule (days, evenings, weekends). All individuals interested in teaching information technology courses are encouraged to apply, as instructors are currently needed for all levels and schedule variations.

Current needs include, but are not limited to:

- Microsoft Office 2003 and 2007
- Networking/Net+ Certification
- Computer Repair/Tech Support/A+ Certification
- HDI Certification
- Microsoft Certification
- Security
- Database Administration
- Programming (Java, JavaScript, VB (all) , VBA, C (all) , .NET, Perl, Oracle, SQL)
- Adobe Creative Suite
- Cisco Certification
- Web Design (Dreamweaver, FrontPage, Macromedia, HTML, Java, PHP)

Qualifications:

Degree or certification and/or qualified work experience in the area of instruction.
Certification level courses require certified instructors.

Teaching experience is preferred, but not necessarily required. An applicant may be asked to complete a teaching demonstration, especially if he/she has no documented teaching experience.

***NWACC is an Affirmative Action/Equal Opportunity Employer
Women and Minorities are encouraged to apply***
