

Course number and Title

AVSC 2071 Instrument Pilot Certification

Catalog Description

FAA Instrument Practical examination

Prerequisites

AVSC 2073 and AVSC 2083. Instructor permission required

Credit hours/ Contact hours/ Load hours

1/1/1

Target Audience & Transferability

Course is designed for students who have completed all pre-requisites prior to the FAA Instrument Pilot Check-ride. Flight examination will be performed by an independent FAA certified official. Will transfer to Henderson State University and most other four year institutions which offer a Bachelor's in Aviation Science.

Common Objectives/ Student Outcomes

Students completing this course will be able to:

1. Exercise all the rights and privileges allowable to the holder of the FAA Instrument Pilot's License (safely operate an aircraft in instrument flight conditions).
2. Further training toward advanced FAA Pilot Licensure.

Required Text(s)

Instrument Commercial Manual, Jeppesen Sanderson, Inc., 1998

Optional Text(s)

Topics:

1. Complete an oral pre & post flight examination & de-briefing with the check-pilot.
2. Perform duties as the pilot-in-command.

Required Methods of Instruction

Required Forms of Assessment:

Assessment will be performed by an independent FAA certified flight examiner. Location, timing, and name of flight examiner will be arranged on a case by case basis.
