**The Momentary Hosts Artist Nick Cave**

The Nick Cave: Until exhibit is on display daily until Jan. 3 at The Momentary, 507 SE E St. in Bentonville. The admission is free.

Nick Cave: Until is the largest and most ambitious project yet from the renowned artist. This immersive exhibition is a visual feast for the eyes, spanning over 24,000 square feet of gallery space at the Momentary and bursting with colorful wind spinners, wallpapers, found objects, beads, and a crystal cloud beckoning visitors to climb its ladders and discover a private garden.

**Crystal Bridges Hosts North Forest Lights**

The North Forest Lights is back for a second season in Crystal Bridges' North Forest until April 4. The nightly show starts at dusk at Crystal Bridges, 600 Museum Way in Bentonville.

Admission for adults is \$22 / \$15 (member); for youth 7-18: \$10 / \$7 (member); and for children under 6 the admission is free.

Tickets are available at the website <https://www.visitbentonville.com/event/north-forest-lights/3214/>

Enjoy an enchanted nighttime walk

## Food Pantry Continues Distributions

### Donations Are Needed to Stock the Nearly Bare Shelves

**Jacob Adams**  
Staff Writer

The NorthWest Arkansas Community College Food Pantry needs donations to restock its shelves in order to continue providing aid to students, faculty and staff. According to a media release, the food pantry was open during the summer when the coronavirus impacted the community. Since being open over the summer the food pantry needs donations.

The current needs of the pantry are non-perishable items like cereal, canned chicken, canned tuna, canned ham, pinto beans, chili, black beans, great northern beans,

canned fruit, and fruit cups.

Donations may be dropped off at the Student Center Information and Help Desk in the student center, Becky Hudson, director of Student Life and co-curricular assessment advisor for Beta Kappa Psi, NWACC's chapter of Phi Theta Kappa, in Student Center 225H.

Susan Parker, a SC Help Desk attendant, said anyone working in the pantry is "required to wear masks and practice recommended hand washing." She said Help Desk attendants perform other cleaning functions. NWACC Food Bank has relied heavily on student volunteers, but Parker said in an effort to keep everyone safe, the

November 11, 12	November 9
November 23, 24	November 20
December 9, 10	December 7

Food Bank is not utilizing them at this time.

Anyone interested in picking up food from the pantry will need to fill out a First Time Application form (if necessary) and a Distribution Request form, both found on the NWACC website in the Health and Well-Being section under Campus Life.

The Pantry distributes every oth-

er week on Wednesdays and Thursdays. It is asked of those filling out the First Time Application form and/or the Distribution Request form to turn them in no later than the Monday prior.

NWACC Food Pantry is open to the public from 8 a.m. to 4:30 p.m. Monday through Thursday and from 8 a.m. to 4 p.m. Friday. No appointment is necessary.

## Students Learn to Transition to Online Classes

**Teniel Easley**  
Staff Writer

Students at NorthWest Arkansas Community College have experienced a change in grades and work ethic as a result of the college transitioning to online classes because of COVID-19.

According to Kim Purdy, an institutional researcher at NWACC, there were more students graduating in the Spring of 2020 than in Spring of 2019. Purdy said last semester NWACC had 1,749 degrees and awards while in May 2019 NWACC had 1,602. The increase in degrees and awards could be for various reasons which are not stated.

Caroline Lossing, a former student at NWACC, said, "I think the most challenging thing [of moving online] was just bonding with the

## Three vie for NWACC Board of Trustees Spot

Special to the Eagle View

**Eagle View Editor's note:** The Eagle View is reprinting this article with permission that appeared in the Sept. 16, issue of the Northwest Arkansas Democrat-Gazette.

**Editor's Note:** The Northwest Arkansas Democrat-Gazette sent a questionnaire to candidates because of the ongoing COVID-19 pandemic. Restrictions on gatherings curtail the usual sources of information to voters such as debates, forums, and "meet the candidate" events.

**BENTONVILLE** — Three candidates are running for a spot on the Northwest Arkansas Community College's Board of Trustees. Incumbent Mark Scott, Julia Gregory, and Gregory Swango are competing to represent Zone 6, which encompasses the Northwest Arkansas Regional Airport, Cave Springs, and West Rogers.

Nine trustees sit on the board. Board members are elected for six-year terms.

"However, with the 2020 census comes redistricting. Therefore, before the 2022 election, the zones will be redistricted to reflect the current population distribution," according to Grant Hodges, director of com-

munity and government relations and marketing at NWACC. "Every Board seat will then be up for election in 2022. After those trustees are seated, they will draw for two, four, and six-year terms to begin the staggered elections again."

The position is nonpartisan and unpaid. The election is Nov. 3.

The Northwest Arkansas Democrat-Gazette emailed the same questions to the candidates. Their responses are below.

**QUESTION: Why should you be on the Board of Trustees? What will be your goals if chosen?**

**MARK SCOTT:** I was appointed by Gov. Asa Hutchinson in 2016 to serve on the NWACC Board of Trustees and was elected to the position later that year. I appreciate the confidence Governor Hutchinson and the voters have shown in me, and I believe great things have happened at the college during my first term.

During the past four years, I've worked to be a good steward of taxpayer money, keep enrollment costs and tuition affordable, and improve access to education. As a community college, we should continue to meet the needs of our community, through training students to work

in needed jobs in our community — from health care to law enforcement to construction technology and all points in between — while continuing to provide the best access and learning experience for students through affordability and quality.

One of the best things the college has done is to implement and expand its Early College Experience program for high school students, allowing them to earn college credit while in high school.

I would continue to encourage the expansion of that program while advocating for student success through affordable tuition costs, recruitment and retention programs, and student services through counseling, tutoring, and job placement programs.

**JULIA GREGORY:** I care deeply about Northwest Arkansas, and I believe access to education is a crucial way to strengthen our community and improve the lives of all who live here.

I want to bring my knowledge, energy, and expertise to NWACC to influence positive change in our community. If elected to be on the board, my primary goals will be to remove barriers to student success and increase access to education for

members of our community.

I want NWACC to continue in its strategic goals to develop, expand, and enhance collaborative partnerships with local K-12 schools and universities. I want to seek to enhance partnerships with and provide support to local businesses, industry, and the general public by offering innovative approaches to curriculum, training, and other relevant services.

I want to strengthen quality programs and processes which support student achievement and success. I want NWACC to provide an open and transparent environment where students, staff, faculty, and alumni feel welcome, safe, valued, connected, and informed.

I want the board to be effective and ethical stewards of taxpayer dollars by maximizing resources and containing costs to allow affordable tuition rates for our students.

**GREGORY SWANGO:** This is a good question and one that I have asked myself many times before making the decision to commit to pursuing a seat on the NWACC Board of Trustees representing my constituency in Zone 6 of

# Brightwater Serves Community

## Project Provided Meals to Hospital Workers

**Tammy Krecklow**  
Staff Writer

Brightwater: A Center for the Study of Food provides many benefits to the community. Besides the culinary school at NWACC, they have a facility at 8th Street Market equipped with eating facilities and cooking kitchens, and a monthly series called CORE (Community Outreach and Recreational Education).

During the covid-19 outbreak, Brightwater and the NWACC Foundation joined with Ropeswing Hospitality Group and Tysons Foods to form Brightwater NWA Medical Meals. This project helped meet the nutritional needs of frontline hospital workers during the pandemic.

While preparing meals, Brightwater food preparers practiced the CDC guidelines for covid-19. The meals were delivered to hospitals by Summit Aviation Bentonville.

Brightwater is a culinary school at NWACC that offers culinary nutrition, artisanal food, baking and pastry arts, and beverage management to students, individuals, and professional chefs.

It is the study of food as an art, a way to stay well, and as a business. The CORE series is a holistic program that emphasizes the organic and functional relation between food parts and the whole.

It is academic and career training for individuals, students, and professionals at any point in their journey of food.

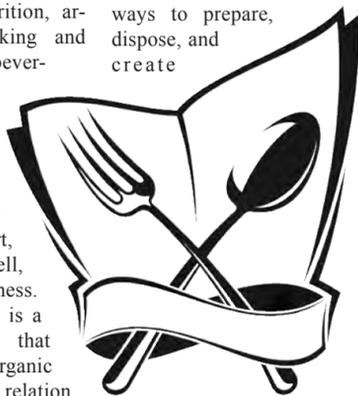

That means that a single

Courtesy photo

A Brightwater chef prepares food for the NWA Medical Meals project. The project helped meet the nutritional needs of frontline hospital workers during the first wave of the pandemic.

parent or a professional chef in a Fortune 500 restaurant can learn different ways to prepare, dispose, and create

foods in different aspects.

The approach is to learn food as an art, a wellness, and as a business with goals to develop leaders that will be able to combine culinary skills and the ability to recognize and address complex food issues.

Brightwater partners with Ropeswing Hospitality Group, Tysons Foods, local farms and purveyors.

Those who help make Brightwater successful include the NWACC Foundation, The Velocity Group, Nabholz Construction, and Downtown Bentonville, Inc. Monetary donations help offset the cost of produce, support local farms and purveyors, and funding for student programming and scholarships.

There is also the option to partner or volunteer with Brightwater.

To make monetary donations or to find out more about culinary courses, contact Culinary/Brightwater at (479) 631-8600 or brightwater@nwacc.edu.

### CLASSES

Continued from page 1

class and clearly understanding what was being taught."

Lossing said she struggled with English since she did not get the in-class and hands-on learning experience.

"Honestly, (my) grades are okay," Lossing said, "though I do think that teachers may be more considerate because of the circumstances."

Ashley Ramirez, a sophomore, said online school was difficult because she had to learn how to navigate it quickly. Ramirez said her grades were "pretty bad" because she did not understand how to complete some of the materials given.

Ramirez said if she had to give advice, it is to "open the computer more and do not wait until the last minute to do everything."

As students work to acclimate to the new online envi-

ronment, Eric Vest, executive director of Student Success, said tutoring is available to students through the library scheduling system by appointment. He said the team has "seen a positive response from students" in regards to online tutoring.

"Our office also supports our Student Planner System. Success Planner is an online tool faculty, staff, and students use to communicate and connect with support resources."

Vest said if students are struggling in school, "do not let the perceived limitations of virtual learning affect your success; make it happen!"

Students may get tutoring and other support by contacting Student Success via email at success@nwacc.edu or by texting 918-612-0148.

Nithin Lakshmana, eLearning Librarian at the college, said the library is also

available to students for academic and research support.

"This fall the library is not open, but the library's information commons is where one can avail all of the NWACC library services."

You can find the library's hours and events at <https://library.nwacc.edu/home/calendar>.

Lakshmana said the library staff helps with research assisting on research topics, as well as finding research sources, formatting, and citing sources.

Leslie Rewis, Outreach Librarian at NWACC, said the library also offers Academic Literacy Workshops "to help students succeed in their classes." Rewis said these are held on Fridays at 1 p.m. through Microsoft Teams. To learn more about these workshops, go to <https://library.nwacc.edu/fall2020/instruction>.

**CANDIDATES**

Continued from page 1

Benton County.

Having served the college since 2002, both as a faculty member and in a variety of other responsibilities over the course of my rewarding career at NWACC, I have experienced much growth and many changes.

I am a proponent of change where change is warranted and to me, the status quo is a position that should constantly be reviewed and monitored in order to successfully evolve going forward.

I have witnessed the change in how our academic environment has gone from traditional to virtual and how our students have grown from paper and pencil to the internet and touch screens.

My primary goal will be to not slow or divert the evolution of our educational process but to find the best way to harness the "new role" of technology to meet the demand for today's student to learn their own way in an accelerated pace where their needs require this change from the traditional delivery system.

**QUESTION: NWACC may not have as much money to work within the coming years as expected because the COVID-19 pandemic has affected enrollment.**

**What should the college's top funding priorities be, and what areas should be on the back burner? Should any projects, departments or staff lose funding?**

**JULIA GREGORY:** The COVID-19 pandemic is taking a massive toll on lives and livelihoods around the world, and the effects of this public health crisis are not playing out equitably.

In the face of severe impact on the lives of vulnerable members of our community, NWACC has a greater responsibility, now more than ever, to be more innovative and more responsive to the changing needs of its students.

This will require additional investment, not less, for existing departments and staff. I would be supportive of pursuits like athletic expansion or on-campus housing taking a back burner to allow increased investment in necessary student support services, quality instruction, and educational technologies.

I would seek new, emerging, real-time data for what local students need in a post-COVID-19 world and would seek to influence NWACC to adapt accordingly.

**GREGORY SWANGO:** Just like grades must be given as a measure of learning, so must money be monitored to provide for an adequate level of education.

As NWACC reports the fall 2020 semester's 11th-day enrollment numbers of 7,583 students taking courses for credit, a decrease of 1,066 students, or 12.33%, from the same point in 2019 of 8,649, we must all take note and adapt accordingly.

First and foremost, I would restrict any and all further infrastructure development. There is currently an exorbitant amount of underutilized classroom and other building spaces throughout the Benton County main campus and including the Washington County campus.

Despite the pandemic, we must address a way to bring the students and the faculty back to campus.

Additionally, the proposed projects looking into build-

ing and maintaining a dormitory and the expansion into intercollegiate athletics should be halted and indefinitely put on a back burner.

Another area to address is the consolidation of programs within divisions and departments and across the entire college where every program should be reviewed to determine its own financial feasibility as well as how it can functionally best serve the student's needs or possibly be eliminated.

**MARK SCOTT:** NWACC gets a significant amount of funding through property taxes paid by property owners in the Bentonville and Rogers school districts. That amount has increased each of the past four years because property values have increased and new commercial and residential construction is still happening, and that doesn't appear to be changing.

Additionally, NWACC has earned more funding from the state government through the governor's higher education performance model, which awards more money to colleges that achieve performance goals. The college has done an amazing job hitting those benchmarks and serving our students.

NWACC is on firm financial ground, which is why we should resist the urge to raise tuition on students who already struggle to afford college.

I talk to students who are working two or three jobs already just to pay their way through college and support their family.

We shouldn't shift heavy financial burdens onto them.

As for funding changes for specific departments, NWACC in conjunction with the Department of Higher Education monitors the success and vibrance of individual programs and often adds needed programs or subtracts dormant ones. Trustees should continue to work with the state and our college leadership to determine those funding factors.

**QUESTION: A study completed for the college this year indicated there is sufficient demand to warrant building a dormitory on campus for up to 120 students. Is this an idea the college should pursue?**

**GREGORY SWANGO:** Fundamentally, it would be nice if those students who desired or had a need to live directly on the NWACC campus had those resources available to them, but from a more realistic standpoint, student residential housing at our community college is just not practical.

For one reason, considering the current economic environment, this is not an appropriate time to be investing in additional on-campus physical infrastructure.

Secondly, the current social distancing paradigm would only bring additional costs and increased demands on the college's administration not to mention the expanded safety concerns as well as the training and staffing needs that managing a student dormitory would require.

On the other hand, one potential alternative consideration for the college would be to investigate the possible conversion of a portion of the currently unused building space that could, if deemed practical, be repurposed and made available for the opportunity of offering limited on-campus student housing.

**MARK SCOTT:** While the study shows there is a

definite interest in on-campus housing, what stands out from the survey, however, is a majority of students are only willing to pay \$500 or less per month to live on campus.

Can NWACC provide quality residence halls that are mutually beneficial to both students and taxpayers for that price, or even the \$525 per month suggested by the feasibility study?

That would be an important question to ask before we go any further in the process, along with understanding the additional costs to the college, including additional staff to manage on-campus activities, security, cafeteria operations, and other staffing needs.

NWACC has hit the pause button on residence halls, which gives us ample time to ask those questions before major decisions are made.

**JULIA GREGORY:** This is a significant investment, and the board has been evaluating this idea heavily in recent years.

In light of our current health crisis, what the board has already learned on this topic may now be irrelevant.

This issue will need to be examined with fresh eyes and new predictive models for how building dormitories would impact enrollment and student success. The existing study may no longer be relevant in our new normal.

Anecdotally, I've seen many households and living situations evolve swiftly in recent months, including students abandoning future plans to live on campus.

If elected, I would want the board to seek out updated data and new research to inform the correct course of action, and I would err on the side of caution on this topic.

**QUESTION: The college recently decided to launch a cross country program. Do you support NWACC taking this leap into intercollegiate athletics? Please explain.**

**MARK SCOTT:** I voted against adding a cross country program because it diverts money away from educational programs.

We are spending taxpayer dollars to subsidize this program through equipment, fees, staffing, and other unforeseen costs, while these taxpayer dollars would be better spent on student success initiatives, maintaining a commitment to keep tuition costs low, and other key values of a community college.

The money spent to finance a cross country program could have been used to hire additional math tutors, or counselors or recruiters who help students better their families by finding their way back to college.

I will continue to be a voice on the board that questions spending taxpayer dollars unnecessarily.

**JULIA GREGORY:** A cross country program is a good way to explore intercollegiate athletics because it is relatively inexpensive compared to other athletic programs.

I have a soft spot in my heart for college athletics; my dad attended college on a basketball scholarship, I grew up playing sports throughout high school and college, and the basketball program at my alma mater was an important part of my undergraduate experience.

It can be something that enhances the sense of community for students, and it can be a reason alumni value

and support a college with their dollars.

I am open to the idea of intercollegiate athletic programs at NWACC, but I have concerns about the long-term risks and financial liabilities of such a move at this time.

**GREGORY SWANGO:** Personally, as a full-time faculty member, I did not support the idea of intercollegiate athletics.

I do not believe that NWACC's mission should include an attempt to support and/or fund any athletics beyond the intramural/club sports offerings which

are quite extensive and very active.

The additional cost and the funds needed to develop a competitive athletics program at NWACC would more likely than not fail to be complemented with sufficient offsetting revenues and; therefore, the ultimate financial burden may fall directly upon the district's taxpayer or through student tuition and fee increases.

In my opinion, the college should continue to focus on continued community enrichment through its diverse regional workforce and economic development training across a variety of

specialized needs, including trade skill apprenticeships, business and professional training, the Certified Retail Analyst (CRA) program, and the advances in construction technology.

Additionally, complemented by an opportunity to pursue a career in culinary arts, NWACC should concentrate on its learning-centered approach for the preparation of our current and future students for their career and higher education goals and not attempt to grow student enrollment through participation in intercollegiate sports and any accompanying athletic recruitment.

# What Hobbies Have You Picked Up During Quarantine?

What Do the Eagles Say?

I have picked up making candles and cleaning since quarantine. I started doing them during quarantine because I was bored at first, then I discovered I really enjoyed it!  
 - **Kalee Pinson**, *Business Management*

I have picked up various hobbies such as collecting jerseys, airsoft, and fishing. The one I really enjoy is collecting jerseys because I have more clothes to wear and I can support more teams when my team does not do good.  
 - **Giovanni Montejano**, *Spanish and Psychology*

Recently I have been going on drives with my family. I guess it's not really a hobby but my family and I have been bored these past months so we would just go on drives around the area or even to Missouri. It's been fun just driving to random places and just getting out of the house.  
 - **Jaime Santana**, *Biology*

One hobby I have picked up while in quarantine is running. It is always something I kind of wanted to start, but always had other activities or obligations that took precedence. Since my other commitments were obviously scaled back a lot, I decided to give it a try. I found it allowed me to think, listen to music, and basically escape from the chaos. Even though I have slowly been able to return to a somewhat normal lifestyle, I still find myself carving out time to run. It is definitely one of the good things that has come out of the days of quarantine.  
 - **Jackson Walsh**, *Finance*

A hobby I picked up during quarantine was acrylic painting. I've always wanted to test my skills in painting but never had the time with quarantine. I got the extra time on my hands so I did some paintings. I honestly surprised myself with the outcome!  
 - **Sinia Aguilar** - *Business Administration for HRM*

## Eagle View Wants To Hear From You!

### How To Submit Letters

To submit a letter to the editor, go to the NWACC website at [www.nwacc.edu](http://www.nwacc.edu). Go to the 'Campus Life' tab, click 'Student Newspaper'. Then scroll down to the 'Letters to the Editor'.

Letters should be 300 words or less and must be signed with author's name, relationship to college (student, faculty, staff) and department or major. Eagle View reserves the right to edit letters for libel, clarity and space constraints. Anonymous letters will not be published. Letters do not reflect the views of the Eagle View newspaper or NorthWest Arkansas Community College.

# NWACC Names 2020 Graduates

## College Reschedules May Ceremonies to December

The Spring 2020 graduates at North-West Arkansas Community College have been released. NWACC's 2020 Virtual Graduation Ceremony is set for Dec. 12 and will include graduates from Spring, Summer and Fall of 2020.

### Honors Graduates

Students noted as Summa Cum Laude are anticipated to have earned a cumulative grade point average of 4.0. Those designated as Magna Cum Laude are expected to have a cumulative grade point average of 3.5 to 3.9. Certificate programs also offer special recognitions for achieving outstanding grades.

Those earning their Technical Certificates and Certificates of Proficiency with a cumulative grade point average of 4.0 receive the designation of "With Special Distinction" and those earning a cumulative grade point average of 3.5 to 3.9 receive "With Distinction" recognition.

### Associate of Applied Science Health Information Management

### Family Maker Night Signs

Photos by Kandice Welch

Top left photo, the McVay Family of Bentonville works hard on a Welcome sign at the first ever Family Maker Night on Oct. 3 at the Shewmaker Center for Workforce Technologies.

Top right photo, Dr. Megan Bolinder, dean of Workforce and Economic Development at NWACC, and her son, Isaiah 10, create a Welcome sign at the Family Maker Night.

Far left photo, the Massri family, Sammy, 15, left, Anteb, 19, center, and Maya, 10, of Bentonville displays their Welcome sign.

At left, several families crafted Welcome signs Oct. 3 during the event.

## Eagle View Reader Poll

We want to hear from you. Mark your answer, then cut this graphic out and turn it in to the Eagle View newsroom in Burns

Hall room 1459, or email your answer to eagleview@nwacc.edu. The results will be in next month's Eagle View.

# Sudoku

Livewire Puzzles www.puzzles.ca

The Rules: Fill in the blanks so that each row, each column, and each of the nine 3x3 grids contain one instance of each of the numbers 1 through 9. Answers will be published in the April 2020 issue.

Difficulty: Medium

								2
7	1	2						
		4		9	5	6		
9				6	7			
3								4
	5		9					1
		7		3				
				4		8		
					6	5		

Difficulty: Hard

9			5	2				3
3	4			9				5
						6		
2			9	8	7			
4		3						
	9							5
5			3	2				4
6				5				9
			2	6				

Solution for March's hard Sudoku Puzzle

4	8	5	6	3	1	7	9	2
6	7	9	8	2	4	3	1	5
1	2	3	5	9	7	6	8	4
5	6	2	4	8	9	1	3	7
8	4	1	7	5	3	2	6	9
3	9	7	2	1	6	5	4	8
2	5	6	3	4	8	9	7	1
9	3	8	1	7	2	4	5	6
7	1	4	9	6	5	8	2	3

Solution for March's Crossword Puzzle

N	E	M	O		N	S	P	E		S	E	A	P	S	E						
S	L	S	I	L	S		N	S		L	O	A	N	S	H	A	R	D			
S	D	A	D	S		M	D	E	N	I	M				A	R	I	A			
I	A	B	I	A		A	R	A	B	I	A				T	A	N	K	E	R	S
						R	E	A	R						O	L	E	O			
															Y	E	M	E	N		
															S	A	L	E			
															O	D	D	L	Y		
															G	O	D				
															E	T	A				
															H	E	R	S			
															T	U	S	S	L	E	
															A	G	U	A			
															R	A	P	T			
															F	L	E	W			

Solution for March's medium Sudoku Puzzle

9	3	6	8	2	7	5	1	4
8	2	5	4	1	3	9	6	7
1	7	4	9	5	6	3	2	8
7	9	8	2	4	5	1	3	6
5	4	3	6	7	1	8	9	2
2	6	1	3	9	8	7	4	5
6	1	7	5	3	4	2	8	9
4	5	9	1	8	2	6	7	3
3	8	2	7	6	9	4	5	1

Answers to the Crossword puzzle and the Sudoku puzzles will be published in next month's issue, December 2020.
